RE: Release of Reclamation Surety and File Closure, Plan of Operations, Kimmerle Mining LLC, Neighbor Mine, UTU-69776 (S/037/119), East Canyon, San Juan County, Utah

Dear Mr. Bradley:

On July 5, 2016, Mr. Kyle Kimmerle notified this office that reclamation of the Neighbor Mine is complete and requested a close-out inspection and bond release. As requested, this office performed a site inspection on July 15, 2016 and found that all drill holes have been plugged and the old air trac drill has now been removed from the site. The operator assumed no other reclamation liabilities because no other mining operations were conducted under the approved Plan of Operations and because the site is a historic mine with preexisting surface disturbance. Therefore, I recommend full release of the \$11,500.00 reclamation bond.

If you have any questions or concerns, please contact Ted McDougall at (435) 587-1512.

Sincerely,

Donald K. Hoffheins
Monticello Field Manager
